Dear Andy, Larry, Cheryl, Mark, & Jon (the list is getting long)

Peace be upon who follow the guidance.

Today I received your letter dated May 4 w/the medical record release form. I have informed them of signing as witness, but knowing those people maybe it will sometimes befor (*before*) Christmas of 07. If they keep delaying what would you like me to do. I will wait for your respond befor (*before*) I send it back to you signed by me only.

Yesterday I went outside for rec. at 1:00 p.m. It was too hot to run or workout so, I cut it short & took shower. When I came back I found the daily calendar where I put my notes of events was taken, when I asked them, they said I am not allowed to keep unfinished letter to you inside my cell. Listen to their stupidity, they if it was inside your folder, we would not take it. So, I will put it inside my folder. However does that mean I can't keep any of my legal document outside the folder, but inside my cell.

I am saying this to show what kind of people I am dealing with. No resoning (*reasoning*) or logic to their action. Do not do anything until I write again to you about it, they said we will take up w/C.O.

Seymour came in last Saturday & gave me my clock back and he told me that the C.O. is working in getting answer to my long requests.

Please contact the ICRC & inform them that I have written a letter to them about my confinement conditions b/c they may not forward it to them.

Mark, would you please write to ICRC about Jarrallah not getting treated for the spots in his face.

Andy, please write to Jenkins about the chair & library access b/c I wan (*want*) to see what his answer in writting (*writing*). He said in writting (*writing*) that I continue to access to the library & it was suspended due to my behavior.

Mark, please send me a letter (or an e-mail, I can read my e-mail on cell phone now. Ha, ha, good joke - ha) or inform Andy about the result of your hunt for Mohid's phone #.
